Subject: **Delay to Kingway Phase 1 Redevelopment Schedule**

Dear Kingway Residents,

Our plans to replace the buildings at the Kingway Apartments have been delayed. We are still planning to replace the buildings when funding is available and will let you know as soon as we can set a realistic schedule.

We value you as a Kingway resident and apologize for the change in schedule. Bellwether Housing will continue to serve you with property management, facilities management, and resident services. Our Real Estate Development team will continue to work on the design for the new buildings at Kingway. As soon as we have more information and a timeline for construction, we will let you know.

Thank you,

Jovan Ludovice

Vice President of Real Estate Development

Bellwether Housing
